Guided Reading Resource 29 – Characters (Speculate about characters and events)

Chapter 29 – Victory or defeat? Agent Angel tells Professor Schwarzkopf that he still wants to create Identical Hybrid Beings.

- Many characters in books have their own story arc. This is the character's story. What do you think is Agent Angels story arc? What is he trying to achieve and why?
- Agent Angel and Professor Schwarzkopf worked with each other many year ago. They were similar men physically and both in good health. In the present day, Agent Angel is strong like a bear but Professor Schwarzkopf is a weak old man. Their physical appearance and health are very different. What do you think has happened to the two men to cause such a difference?

In a **group of four**, present your ideas on why Agent Angel's and Professor Schwarzkopf are physically very different. Choose one or two of these ideas (you can combine them if you wish) and act out episodes that have changed the two men.
